

# A BUG PROOF ENVIRONMENT WITH A TOUCH OF A BUTTON

## WHERE QUALITY IS TIMELESS

Rainier was founded in 1896 and has earned its reputation as a provider of superior quality products. Each Rainier power screen is custom-made to your unique needs in Statesville, NC. We pride ourselves in producing shading systems that can stand the test of time utilizing the finest components available. Rainier screens feature a super durable polyester powder coating that meets or exceeds AMA2604 standards, providing superior resistance to the elements.

## KEEPING OUT THOSE SUN RAYS AND BUGS

Your custom-made, professionally installed, shading system will provide on-demand control of the sun's glare & harmful UV rays. With a Rainier power screen, you will maintain your view while being protected. It will also keep out those annoying little bugs, allowing you to spend time outdoors with friends and family without getting bitten.

## PRODUCT FEATURES:

UP TO 20'0" WIDE  
X  
20'0" DROP

**\*All "UP TO" sizes listed for both Classic & Core models are based on Bug Screen type fabrics. These limits will vary based on fabric selection.**

### SIDE RETENTION SYSTEM

*Performance Under Pressure*

Our SRS™ System is one of the strongest retention systems available on the market today. Our side tracks are designed to keep the screen mesh stable and allow for worry-free use of your screen, even in windy conditions. Unlike other screen systems, your Rainier SRS™ power screen can be left down when a light wind blows.

### RECESSED SRS™ OPTION

*Design Your Porch Around Your Screen*

The recessed SRS™ tracks blend seamlessly into the house like a fine architectural accent. This streamlined application is designed for installation during construction. When the screen is lowered, it keeps you cool. When it's retracted, it vanishes.

### CABLE OPTION

*Sleek, Stylish and Subtle*

The cable option is perfect for homes that call for a low-profile approach to avoid interrupting the style or architecture. Our screen's minimalist profile blends with your home's exterior. Made with the same parts and quality as our Side Retention System, cables are used to guide the screen fabric as it is lowered or raised.

### STANDARD PRODUCT WARRANTY

- Limited lifetime on framework
- 5 years on frame finish
- 15 years on most fabrics
- 8 years motors and electronics

Your independently owned and operated dealer

# RAINIER | POWER SCREENS

## RETRACTABLE SHADING SYSTEMS

# DYNAMIC BY DESIGN

## BLOCK THE SUN NOT THE VIEW

Rainier has a history of providing exceptionally crafted, custom-made retractable shading systems. Designed to filter out most of the sun's harmful effects while preserving your outdoor view and allowing you to better control your interior lighting. Our product reduces glare on computer and television screens and diminishes the harmful UV rays that fade furnishings and flooring.

## TRADITIONAL & CONTEMPORARY DESIGN

We offer two design choices for our power screen housing. Our square housing is a great option for a more modern or contemporary look. Our traditional housing features a rounded design that blends harmoniously with conventional homes.

Traditional

### AVAILABLE IN:

- Series 3
- Series 4
- Series 5

Contemporary

### AVAILABLE IN:

- Series 4
- Series 5

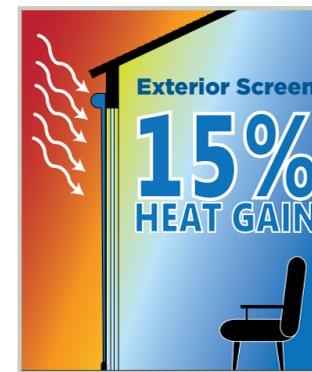

# REDUCE ENERGY COST

## SAVE ENERGY AND COOL NATURALLY

Cool your home naturally with Rainier power screens to reduce heat gain and decrease your reliance on traditional air conditioning. Research has shown that in many homes, exterior shading systems can reduce cooling costs by up to 60%. In addition, Rainier is deeply committed to respecting and protecting our environment.

## THE BENEFITS OF OWNING A POWER SCREEN

# PRODUCT OPTIONS

## ELECTRONIC ACCESSORIES

Our world class wireless components make operating your shading system effortless.

- **Wind Sensor:** The Eolis RTS 24V Wind Sensor is attached directly to the house above the screen. If it gets too windy, the screen will automatically retract and extend according to preset settings.
- **Sun Sensor:** This sensor, typically mounted to an exterior wall, will automatically extend the screen once the preset sun level is attained, and will automatically retract your shading system once the sun level is below preset settings.
- **TaHoma:** With TaHoma®, create scenarios to link your connected devices and activate them with just a click on your smartphone!

## SCREEN FABRICS - FROM PHIFER & TWITCHELL

Rainier offers two varieties of high-quality fabrics from Phifer and Twitchell:

### PHIFER:

Phifer offers a vinyl-coated polyester resistant to tears, water, chemicals and high temperatures, allowing it to withstand years of use. Also, fiberglass screening helps to prevent sagging and dents over time. The fiberglass screening is coated with PVC for extra durability.

### TWITCHELL:

Twitchell offers Textilene 80/90/95/97 styled fabrics which maintain stability, strength and durability with a lighter weight and softer feel. These fabrics have a 15-year limited exterior warranty.

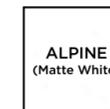

## DIAMOND PROTECTION - ADDED LEVEL OF SECURITY

Looking for a lifetime warranty on your complete shading system - from frame to fabric, motor and electronics? Ask your dealer for complete details on Diamond Protection Plan!

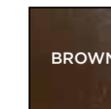

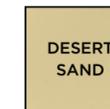

## HARDWARE TO MATCH YOUR DÉCOR

Rainier offers architecturally pleasing colors to either match or accentuate your home. Our pretreated powder coated finishes are second to none in durability and appearance.

### STANDARD HARDWARE COLORS

### PREMIUM HARDWARE COLORS

## NOTE!

Please note that colors may differ slightly from how they appear on your power screen.
